RESPONSIBILITIES

Data & Policy Coordination Responsibilities:

1. Collaborate with A2P2 leadership and staff on advocacy efforts and stakeholder outreach including coordinating communication with policy makers and their staff.
2. Work with the Data & Policy and Partnership Leads to form A2P2's Advocacy Coalition and be responsible for the ongoing coordination of the Coalition and related activities.
3. Track and monitor local, state, and federal legislation and assist the team in drafting public comment, testimony and other forms of feedback meant to influence policy at all levels. This can include written or oral statements to be given by A2P2 staff, joint statements with partners, and facilitating the participation of large stakeholder groups to provide input on priority topics.
4. Research, track, and provide recommendations about bills during legislative session, including efforts related to A2P2's policy priorities or programmatic work and other proposals that would impact A2P2's strategic priorities or partners.
5. Develop briefing materials and reports (oral and written) including legislative reports, one-page handouts, and talking points.
6. Prepare, edit, and disseminate digestible summaries, infographics, and other communications to be shared through A2P2's newsletter, website and social media platforms.
7. Plan and participate in A2P2 legislative activities, travel and other A2P2 events and drive follow-up action items as needed to enhance relationship-building and audience education on key issues and A2P2 advocacy efforts.

8. Support the Data & Policy Lead in communicating the impact of A2P2's programs through the use and visualization of data and its integration into the organization's communications and storytelling.
9. Participate in the creation of reports, scans, white papers and talking points on topics and policy important to pediatric health in Alaska in collaboration with A2P2 staff and hired contractors to increase understanding of key issues, advocate for change and further the organization's mission through data and education.
10. Support the Data & Policy Lead in creating and distributing accessible data reports, dashboards and other data requests in the format, and at the level and detail required by external stakeholders.
11. Use software applications, such as Microsoft Word, Excel spreadsheets, relational databases, and graphic packages to assemble, manipulate and/or format data and reports, including data visualization and interpretation.

ORGANIZATIONAL STANDARDS

1. We are guided by our mission: Transform systems of care and increase equitable access to health care and related services to ensure all Alaska's children reach their full potential.
2. Our mission can be fulfilled only through successful partnership with communities and service providers statewide. We are individually responsible for supporting these collaborative and cooperative relationships.
3. We value systems and procedures and understand the importance of utilizing current procedures consistently so they may be accurately evaluated and continually improved.
4. We are continually improving, seeking innovative ways to achieve our purpose while understanding that the best evolution of systems and processes is iterative and based on data and experience.
5. We are data driven; capturing information, tracking activities, reporting and analyzing data are regular recurring activities.
6. We are Alaska focused – fulfilling our purpose is a statewide effort with a sense of community “close to home.”
7. All client materials and information will be held as *strictly confidential* and will be appropriately secured.
8. Employees are encouraged to recommend ideas for the vision of the organization, innovations and improvements within their department and position that are consistent with our core purpose.
